About the All India Law Students Federation

All India Law Students Federation is an organisation created solely for the purpose of protecting, promoting and propagating the interests of law students pan India. We are driven by our zeal to contribute to the legal fraternity by mentoring law students so that their youth and vigour can be utilised by the legal fraternity in a more productive way. All India Law Students Federation is an NGO with a highly capable team of Lawyers, Legal Academicians, Legal Luminaries & Law Students who are dedicated towards the cause of Law Students Welfare by empowering them with knowledge, experience and wisdom.

About Institute of Legal Studies and Research GLA University, Mathura

The Institute of Legal Studies & Research ("ILSR"), GLA University is situated in historical and spiritual city, Mathura, Uttar Pradesh. ILSR is a student, industry and community focused law school.

It's mission is to nurture industry and community service ready legal professionals by faculties graduated from King's College London, Oxford University, Harvard University, Georgetown University, United Nations University, BHU, DU and NLUs. Students are ensured that the foundation they build will support their personal & professional goals. The knowledge and skills they gain over the five years legal education will form the robust path for their legal career.

About Law Olympiad:

Olympiad examinations helps to identify the capability of a student and assess his/her potential to compete in today's world. It seeks to reward industry and excellence and also prepare the students to face the challenges ahead. It assesses the understanding and knowledge of the students and bring to fore the areas needing engagement so that proper attention can be given to the areas lacking proficiency. In nutshell, it acts as a platform for assessment of students wherein students may assess themselves and also compete with their fellows at the same time. The curriculum has been so designed as to involve students more towards social legislation in order to enhance awareness regarding the same.

This law Olympiad is first of its kind. It aims to make legal knowledge enriching and undemanding for students. It will help to create awareness among the young students about the nuances of law.

It will be a diverting task for students which will encourage them to take a step ahead and read outside of the textbooks and delve into the intricacies of the practical issues faced by the society and further help them to gain a better understanding of law. What differentiates this law Olympiad from other law competitions is its focus on social legislations and also the scores and feedback given to each student so as to make them aware of where they lack and what more needs to be done in pursuit of their preeminence.
